**“QUALITY COMMITMENT”**

Since our beginning in 1969, our goal has been one of excellence, consistency and service. Several factors combine to make this possible:

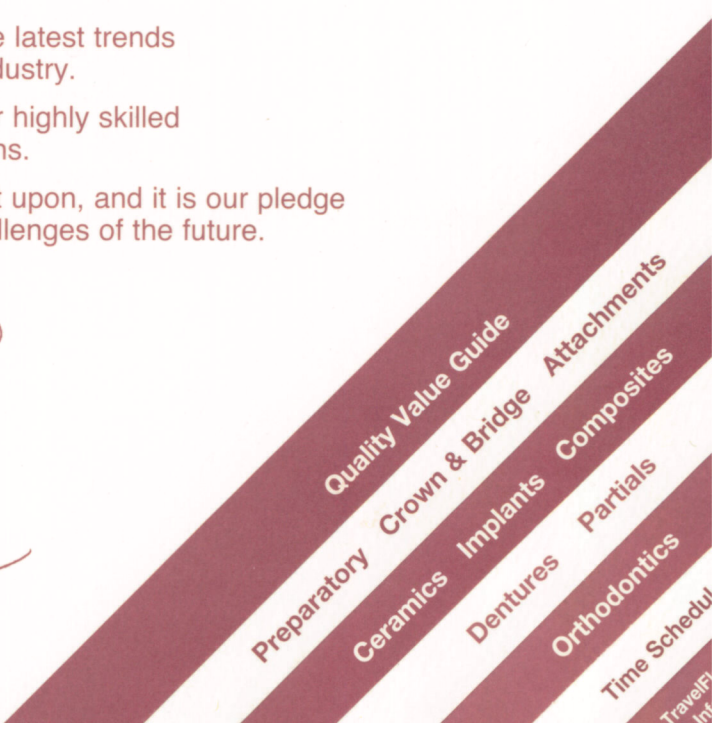

- High standards and an unwillingness to deviate from them.
- Staying up to date on the latest trends and techniques in the industry.
- And most importantly our highly skilled and conscientious artisans.

This is the foundation that Quality was built upon, and it is our pledge to maintain this direction while meeting the challenges of the future.
